## The Event

The organization tries to organize a low-threshold event in an informal atmosphere with food and drinks. During these two days, you can stay overnight at the location. In the evening you can have a chat and drink something in the lounge. Do you have something nice to tell, do you want to show something or do you have questions about certain situations or fish? At the lounge we will create an "open stage": you can plug in your laptop onto a TV screen and tell your story or ask questions.

## During the lectures

During the lectures, coffee and tea are free of charge. Other consumptions are for one's own expense.
